Dear Sir

Reference trailing email,

If your QEC has developed the necessary understanding and systems aligned with the HEC-QA framework, you are encouraged to conduct the **Self-RIPE** and **PREE** exercises during the assessment year 2025-26.

However, considering the limited number of postgraduate programs currently offered by the University, **RIPE** may be carried out, while the **Postgraduate Program Review (PGPR)** may be deferred for this cycle. Your score for PGPR will not be marked as zero and will be **normalized accordingly** in the QEC evaluation.

*Best Regards,***SHARJEEL REGINALD**

QEC COORDINATOR

QUALITY ASSURANCE AGENCY (QAA)

Higher Education Commission (HEC), H-8, Islamabad.

Dear Mr. Wajid Ali,

I hope you are doing well.

I have joined Al Ghazali University (AGU) as Director QEC which is a private sector university.

Al Ghazali University got its NOC from HEC in August 2023 and started its first undergraduate batch in spring 2024 and first postgraduate batch in Fall 2024.

I need to know, as per the annual targets 2025-26, does Al Ghazali University require to conduct self RIPE and self PGPR?

The annual targets for SAR (PREE) are clear; however, clarification on RIPE and PGPR would help us to prepare the Annual Activity Calendar accordingly.

Looking forward to specific guidelines related to AGU. Thanks for your usual support.
